EDUCATION

Cathedral High School (CHS) - Los Angeles, CA Aug 2021 - May 2024

High School Diploma

- Cumulative GPA: 4.67

University of California Los Angeles (UCLA) - Los Angeles, CA Sep 2024 - Jun 2028

Major: Computer Science Year: Freshman

WORK EXPERIENCE

Cathedral High School | *Robotics Instructor* Jun - Jul 2022

- Tutored a hands-on robotics summer course for middle school students interested in engineering and technology.
- Taught how to construct, wire, remotely control, and disassemble a robot.
- Instructed students how to properly handle drilling equipment and maintain a safe working environment by following typical lab protocol.
- Guided students throughout their projects and helped with any questions they had.

UCLA Recreation | *Lifeguard* Oct 2024 - Present

- Maintain up-to-date knowledge of CPR, AED, and lifeguard rescuing techniques through training and certification.
- Conduct regular pool inspections to ensure a safe and hazard-free environment for patrons.
- Demonstrate strong interpersonal skills through communicating with patrons and fellow lifeguards.

RELEVANT SKILLS AND ACTIVITIES

Strong Coding Background

- Proficient in Java, C++, JavaScript, HTML, CSS.
- Currently taking relevant computer science coursework that teaches data structures, algorithms, object oriented programming, and functional programming
- Experienced with Microsoft Excel

ACM.Cyber 2024 - Present

- Student run organization whose mission is to foster a community where people can grow in the field of cybersecurity skills and knowledge.
- Engaged in hands on “Cyber Labs” where I practiced coding projects in Python.
- Attended weekly “Cyber Academy” classes that provided presentations of various cyber security related topics like pentesting and captcha and included practice problems related to the topic.
